SM Sabrina Miller 07:14 PM

Mobile device, that's what I'm asking. I mean, you can move it. Yeah, you just use extension for us. Yeah, Power it off that way. You play right to the wall? Yeah.

SM Sabrina Miller 07:14 PM

For the markets. Yeah, I see the ones that be advertising for the house uh power go out and all that but I think that's still electric at the same time. It's kind of default. How is it separate image or or power source like

SM Sabrina Miller 07:14 PM

Gas, solar. Now solar generator will make that combination. Yeah, they're expensive. As hell. Yeah. Actually that generator the big 1 that you like the commercial using, it's not as intensive. Like small. But put it right here. So whoever want to dial in. Let me see, I was gonna say, can I use this little table? You

SM Sabrina Miller 07:15 PM

so, you have a couple of people. um, I heard well on Thursday, I heard them ask. That's why, like I said let me get up out my business. Thank you. I'mma talk. I said, let me get up out my business. They say, oh, that guy kept saying he said, like 3 times. So when is is, is the sort? I don't know. um,

SM Sabrina Miller 07:16 PM

No, he was at your like a customer right here.

SM Sabrina Miller 07:16 PM

I,

SM Sabrina Miller 07:17 PM

This thing. Your bag Park. They said that obsessive. Yeah, that's why I stopped putting mine in the front. Yeah. So

SM Sabrina Miller 07:17 PM

Say, okay. Well, let's just get started. People to know this because, you know it is Sunday at 7. so, The short story. Long story short is We have to finish out the calendar for the year. Um, you kind of pre discuss this in our first last meeting. At the library. Um, when we were talking about the, you know, the Christmas stuff and that sort of thing. So let me just update you on how that went um we gave everybody their um, Their prizes for the Christmas. Um, Or holiday, uh, decorations and things like that. Um, the last person to receive theirs was, um, the, I believe they have 2 names in the house across the street. So I'm just going to say me at the moment. Um, so they got their, the only full of um,

SM Sabrina Miller 07:18 PM

They were supposed to give me the uh, email address, which is what to fill out this and find out like, hey, can you help us? So then when I went out of town, they dropped the box which fast forward this like, you know, right. Um so but nonetheless they got it today. Um, so all the funds in the kitty have been depleted, um, You know, things that we collected, things like that. So everything's been we haven't had any really expensive, you know, outside of what we're about to do. Um, so any questions about that? Um,

SM Sabrina Miller 07:18 PM

He?

SM Sabrina Miller 07:19 PM

Up with you. So, um, okay, so that being said, um, what I would like to do, there's 4 big activities, if you would for the balance of the Year, 1 is the blocks of, you know. Um, event the second is the Family Day event. The third um, is the Um, Halloween, trunk or tree that Bonita suggested, because we weren't able to do last year, but we definitely want to introduce this year, which is basically where I mean, it's kind of like the 1 you hosted over there, but just for our blog, we got more. I mean before it was no answers but you have kids. So so I'm like excited, blah, blah blah. Yeah. So I'm like and then the final 1 is like I said the holidays situation um like the holiday

SM

Sabrina Miller

07:19 PM

Decorations. So those are events per se. So, even before we get into the events, I want to really talk about fees. Changing say that. So we discussed at the last meeting about, you know, just kind of putting lights on Which most people have done. Um, 6 hours back as far as. Criminal incidents for this particular.

SM

Sabrina Miller

07:20 PM

And helpful at that. And I will say to your credit to your credit to your credit. He definitely credit you 3. So for exchange literally told us that and he is Attempting to get his family to see this the other way of thinking which I did ask for them. Okay. For me to say say yes. So I was so I just wanted to, you know, salute. So thank you for being patient with that, um, you know, and that sort of thing. Um, and for since his father came in the miles guy, nobody can represent uh for that but it's just great in if we got to talk to this. Why? Okay, well, I got this. Okay. Um, so You know uh Matt there was uh uh text chain going on about you to the positive. I don't

SM

Sabrina Miller

07:21 PM

It's a positive 1. So I was told to give you your Kudos or um like a shout out or whatever. Not whatever. But um, because they really appreciated you moving the um I guess the limbs and stuff that were down on that end. Yeah. And so they were I got several messages asking us to make sure that we mentioned very understanding that you know, they appreciate it and So yeah, thank you. Thank you for being.

SM

Sabrina Miller

07:22 PM

Um, there has been a 2 reports if you would um there's some children. That aren't from our block which again kids play with each other. No problem. Um, that seemed to have a How should I say disrespecting toones? Um, to the um, I don't know who these kids are. This. Said.

SM

Sabrina Miller

07:22 PM

Um yes, so there have been 2. Um Mr. Boston had a a issue with 1 young man, um, who went to Someone's house on you all things. Um, and then he said the mom, it wasn't turned out, it wasn't like they were really the mother of that particular child, you know, brought it back over and Asked Mr. Boss like, was this the kid that was talking crazy. She basically said yes, or he said, yes. Um, and so she said, see him around here, give you problems. Let me know. That's like the other kid has from the esbi. Um, so that's another thing, um, but they all seem to play together. So they've been seen with, like, they've been seen with your, with your children and with ivana's son.

SM

Sabrina Miller

07:23 PM

So you know, just I feel like second. Okay. Because here's my thing. I feel like just again as Extreme as the neighborhood, you should be able to be like yo you disrespectful and like you're not doing that. Do it all. Yeah. So like without somebody taking offense to that what? Because again you defensive saying so stop being offensive, we won't have this conversation. Um yeah. We'll do and, you know, quarter of the people who are here at this moment. Um, is it? Oh, thank you.

SM

Sabrina Miller

07:24 PM

Alright, thank you very much. Oh, it fell. Okay.

SM

Sabrina Miller

07:24 PM

It's artificial official. Face official, bro.

SM

Sabrina Miller

07:24 PM

Okay, thank you.

SM

Sabrina Miller

07:24 PM

Um, Okay. So Um, outside of that. summertime Lawns neighborhood because there was a proposed request from the past. Um, From Mr. Watson and um, Sorry, her name is Gonna Come to Me in a second.

SM

Sabrina Miller

07:25 PM

Um, on the end here, they basically asked um, about having a potential like, um, clean up day for the block, even though our block isn't like trashy, right? But at the same time, just like, you know, a Saturday or Sunday morning have like, you know, kids teenagers, whatever, everybody's kind of come out and make sure like, you know, the trash is because obviously the trash blows through the land and all that kind of stuff. Um, so I, you know, of course, said, I would bring it up here to see what, you know, everybody thought about that. Um, and I will say this with an astric, the issues with the yards, The Lawns, not being properly set, I ain't going to say properly but like, it shouldn't be me, right? Like because then it looks like it's possible.

SM

Sabrina Miller

07:26 PM

That, that different factors. Um yeah you just got the defective but how do you? How do you address it? Because you have the age Factor? Yeah you guys mechanical factors. You got factors you do. And so this is where we're trying. As a collective to um mitigate situations, right? And thank you for um allowing other people to use your uh machinery. And thank you, thank you for allowing people to do that as well to think of it as it's not. So to kind of be consistent, correct. And that's the thing. So here's my, I don't, I don't know what the suggest or what the I guess. You could say what the resolve is at this exact moment. I do know though that having city of forcement because like right now Mr. Patterson sh um what's the area know?

SM

Sabrina Miller

07:26 PM

It's the same 1 demonstrators. The young girl. Yes, yes. Um, so there's um, His yard is starting to show you know, some pictures or whatever, that sort of thing. Um everybody else who had the issue pretty much, we take care of at this moment. Um the thing of it is though we it makes your house any reference. They reference issues with that. Is it makes everybody's houses look. They could, you know what I'm saying? Which which bringing through our attention and you know, they're still what they call rat issue or whatever because I know they just did the The alleys, right? Um, was it poison or the traps?

SM

Sabrina Miller

07:27 PM

Right. Okay, so because I remember the the other sign saying something about, they didn't want to do poison because of the dogs or something like that.

SM

Sabrina Miller

07:28 PM

so um, but so now this year's poison Always next to a mom to a person reference next to them um, or not next, next Direction know. So it's Ivana and, um, so there's no. Any can cut the grass when I'm asked because like, when y'all when I cut y'all like that, that's what I'm about. But I I'm not young like that, man. To be nice. That's what I'm saying. So, shorty to make some money. I don't, I mean. but I'm saying they could be another initiative, we talk about cleaning up Initiative for generating, Do you want? No, no.

SM

Sabrina Miller

07:29 PM

That's all. There's also the other thing is and we're we're going to talk about that but there's other issue but like What do you think? Tool rental thing, right? So, from the library or whatever.

SM

Sabrina Miller

07:29 PM

Tools to fix your house to do your lawn. That's all they have. No they don't have lawnmowers but they do have the they do have the push mower, the lawn mower that you have to have a library card. And you go, it's part of the library to see Chicago. I'll send it out. Yeah, they did on the news. So like the library. Got the lava. No, no. So you can take it to this. It's called School rental. Something I saved it so we can bring it up. But you go there, pick up the tools. You showing your library card your ID, you don't have to pay for it. They can't leave a donation if you want because it is not about to get updated to Chicago and then you use it.

SM

Sabrina Miller

07:30 PM

You should put that link out. You should have been put that link out, just say that about it. Oh, my bad. Since I was trying to, I had seen it before and then, when all this stuff started happening, I was like, you know what, what is something you can do, you know what I'm saying to like? So I'm like and I was like, oh there was that thing. So then I went back and like, try to find this

SM

Sabrina Miller

07:30 PM

So, I mean it's really a matter of. You gotta go pick it up, but if I was also first, come first serve with some stuff like that as well. So yeah, I mean, so everything's on the original like you would a library so that that's why it's connected to because your rent, you know, you're checking out. I mean. Well, yeah, I mean, but like I said, is that what let me? Because I know the cross street, they was saying they didn't work, but they haven't replaced it. So yeah. So in reference just through 1 hour and he said, oh is missing a wheel but he said if I would have known that they needed 1, I would have gave it to him. Uh okay. Oh she takes it to me. Okay this is this has to be this. So I just wanted to Okay.

SM

Sabrina Miller

07:31 PM

So, let's just circle back to stranger danger here. Okay. No, I'm trying to because it's It's on. Okay. Okay, so I don't want to say certain words, okay, okay, okay, okay, okay, got to be in the loop. Yeah, yeah, yeah. so, For what? I understand. There's a substance problem. It's always been the same problem. Yes, I'm so I'm asking. Is there an additional something? I mean, you know, you wouldn't want that. I'm just saying, like, is there something else we need to be aware of No, I mean really?

SM

Sabrina Miller

07:32 PM

And it's still going on. I have to give you 1. Yeah, I mean and then there's bone.

SM

Sabrina Miller

07:32 PM

Parked over on Saturday.

SM

Sabrina Miller

07:32 PM

right now, like, Other problems.

SM

Sabrina Miller

07:33 PM

Like to treat folks. Okay, look at you. Got it. Okay. All right, Mr. Uh sister could you I mean, I guess, I guess the person sometimes say Flex out But what time would it be? Cool enough. You can be like man. Y'all need to get all. Take that back in the house. Will they respond to that? They don't respond to that. They don't respond to that. I sent to us and I ain't saying that.

SM

Sabrina Miller

07:33 PM

They won't even respond that because it seems, we got to have some sense of all. I mean, um, trying to this. I mean awareness, bro, so you said you can't say much I mean, he's responsible for

SM

Sabrina Miller

07:34 PM

saying, he'll take care.

SM

Sabrina Miller

07:34 PM

Of you. She don't always come out.

- SM

Sabrina Miller

07:34 PM

They might see me that he got. Tell her to go. She coming to the back. She don't she don't know what's going on. So versus like a strict routine, she can barely follow and it's just trying to repair it. NFC. We have an episode or something.
- SM

Sabrina Miller

07:35 PM

We all know it, just do not. Look at me. Look what I mean. Come on, man. We a whole lot Society where if I get killed going, To the post office, the mental health part of it all. Um, I mean, I don't see no reason for it. That's all I'm trying to. But I'm just saying they trying to be able to control it, but I don't know if I'm any bad guys that with him. That's what I'm trying. So any moment down there with you and that's it, right? No. Conversation. And then next to you he is older. Um I forget the gentleman is next to you that's between you and um, Barbara Um, him and his son. 8,000 8,000. Yeah, because we got. Yeah.
- SM

Sabrina Miller

07:36 PM

I'm just saying I stay like see nobody just standing up because I'm the 5 that would just strip me out the stuff. I mean I talk from that. I know what it looked like. Yeah, yeah. Can you go to Credible? Try to score them in the house? I mean, but I ain't trying to live religion. I'm I can't, man. With that, too many years.
- SM

Sabrina Miller

07:36 PM

All right. Next episode. Um, that 1 has to play itself where I'm at. As far as what you thought to putting that out there for people to whoever to, um, because the other thing too people don't have vehicles to put that line Boys in. See, that's another thing. Um, if you rent the vehicle, how you going? If you get the thing, how you gonna get the tools? You? Well, I, I believe most Okay, so most of the times I a c, okay?
- SM

Sabrina Miller

07:37 PM

Wait. Oh, okay.
- SM

Sabrina Miller

07:38 PM

Right. That's the 1 you send me. That's the 1 I have. So that's what I'm saying. You have 1 recent like that's the only 1 I have okay. no, no, but I'm just I know like, I want to spread like No disease and people start hanging out, that's something else. Um, I mean yeah, like that stage when you got teenagers Buck Wild, that's something else.
- SM

Sabrina Miller

07:38 PM

But he was, he been here originally and he got on. So how old is he? So yo.
- SM

Sabrina Miller

07:38 PM

Man, that man that's still young. I mean, That's young enough to be foolish. I guess that's what I'm saying. Because so, are we putting basically to put a letter together? Write a letter and now let you know like we see.
- SM

Sabrina Miller

07:39 PM

Because you can't stop something that got you like that ain't gonna do nothing. Wait, something? Why they say nothing? Okay. That's a conversation, that's what I said. So, that's his female.
- SM

Sabrina Miller

07:40 PM

Wow. Okay. What time what time is it?
- SM

Sabrina Miller

07:40 PM

On your apartment. I mean, 1 day, he
- SM

Sabrina Miller

07:40 PM

Freed or whatever. It wouldn't start back up. For something to help.
- SM

Sabrina Miller

07:40 PM

So, I mean I I will I will drive something. I mean he had nothing to be said but to try but I'm very much with M. Like if you starting us You know, who knows them. Intimately on the Block. So I guess that's what I'm who's for a while though. So the, the closest person to it, because he even feel back from Ivana, And David next story. So they've had a friendly relationship is just and now he's like, Exactly. So I drafted that, that's it. Yeah, got the tools for the grass suggestions for once a month. Yeah.
- SM

Sabrina Miller

07:42 PM

I mean, if we know like the third Sunday or Saturday, or the month or whatever, and again, just to kind of, get them used to like, okay, let's care for your block care for your. You know what I'm saying? You see something down there. Drop in your paper, you know, that's what is supposed to send to. because we told them to,

 Sabrina Miller

07:42 PM

I mean you could do that but like what I'm saying incentive, it ain't necessary. You got to be rewarded but I'm saying some kind of incentive but you don't know worse. That's why I mean, right. I mean, just like, just don't do it. This is why you doing it. I said, as soon as where this will be like, okay, this is a thing because I, I was ready. Yeah, but but I didn't get that reward. We had to get out there and do it. You know what I'm saying? But I would have been better with explaining how to learn your name, okay? That makes sense.

 Sabrina Miller

07:43 PM

That's all. Yeah, I understand. Okay. Um, okay, so on that. Yes, do so that's that was the thing that she was asking me. So there, like I said, with the events that we're, we are proposing. Um, so 1 of the important things that we learned over the last couple years is even though, yes, we can have the city for your bounce house, and we don't have to worry. The problem is they bring in way too early to pick it up way too soon. So 1 end of the block just pretty much is empty after like you know, a few hours of starting, you know, the block party, right? So this year well

 Sabrina Miller

07:43 PM

We would like to do is have um, Lily and J, which is a company we use well that I can measure many times before she basically, you know, originally, she gave us the price of \$150 for the whole day. You know, she'll drop it off, you know, and can stay here for 10 12 hours, whatever he started finish. No problem. Um, wherever we want to put it, she'll put and she Have a ton of different. Um, You know, options, you got the slide out down California, all the different things. Um, so I was asking her, you know, because we had to look at right, like, is this part still there? So she was just asking me um, whether this? So we need a generator and we need whatever bounce houses. So I will here's the picture. Um, the ones that she has. and,

 Sabrina Miller

07:44 PM

The 1. So there are 200. They excuse me, they range from \$85 to \$250 so you do so bad but and then she got, you know so my thing is we would have to add that or factor that into our costs, right? Um Yeah. so, I figure if we get the 1 That like the biggest 1 I think it's like the 250 which is like a big castle 1. Since like you said, we do have a lot more kids. I feel like that is probably the, you know, the 1 we should go for, we could obviously go smaller but that's just my thoughts. So

 Sabrina Miller

07:45 PM

So okay, so what's the difference between? So the question is, are we okay with with doing that because obviously, again, that raises the price. Yeah. So, and, and, and the past years, we've asked for what, 1 50 to 175 from each household to you, right? Um, not every household participates You know, can be interesting, let me ask you this. Are you doing this? Like are we doing? You know we doing this block we last year was requesting that we keep our block. So this year Maria said, well let's just do our block again. Okay. So um, I, I do feel like though if the other people want to come walk down that like, I'm not going to be like

 Sabrina Miller

07:46 PM

So I was thinking that, yeah. Got the people. No ain't gonna stop. no, you want them now, the thing is Show these inactive shortages I mean you want that interaction. So this 1 is like longer has like you know just like a couple so again just pricing wise if we go for that 1, I feel like, you know, it would probably any either 1 of them, we get more use out of Well for that, I would suggest if that's what you're doing because the price and uh put the price of people can look at it and they see, you know what, they get it and they'll that what the 15? Basketball thing on it without enough. You know what I'm saying? You can't assume everybody that's gonna say and with the price

 Sabrina Miller

07:47 PM

Who would donate? I'm just saying wait I'm just saying at this point we have to like charge we have to select the date book saying, you know what I'm saying? Some other people don't pay then I don't assume they would. That's that's generally what you basically. They would be the only ones paying the cost and I'm like okay but everybody gonna everybody on block on benefit, right? So what I'm saying, I guess we said the same thing, you put it out there early people get in the money, you say this time to get in and get the left anyway. What I was saying if we can't, if the money is so we can cancel if there's a canceling fee and we have to pay account

 Sabrina Miller

07:48 PM

Yeah. So She knows that we're gonna be which 1. Yeah. I've said something put it out there so people can get the money that's all. And then you can say, boy, ain't no cancellation. If it ain't no laws, if we don't just don't have it, not even though she doesn't charge me 1, I will still give her like you know, but I'm saying this fact that It is, yeah. So in this case um now Maria said we should bring the dunk tank back. I thought the dunk tank was fun. It was different. there was a lot of people who also enjoyed it, but then there were some people who was like, are you at that money on that and I was like, All the old.

 Sabrina Miller

07:49 PM

I suggest the fact because I know they they like that, right?

 Sabrina Miller

07:49 PM

Yeah, that would be probably the same. Yeah, you get somebody even before.

 Sabrina Miller

07:49 PM

I like that for those.

 Sabrina Miller

07:49 PM

No, she said her friend's company. Yes, they don't. Well sometimes that's another thing, too. So that's another thing. I'm glad you brought that up because sometimes even though they don't come and kick it with us, they still that they Because it's a thing. Yeah. So they get they all now. If not sure this go in, I let them again. The thing is for the. So for us I said I don't care about no black club like that. We can keep it with nice for the shoulders, ready for the shoulders, and get my sense of belonging man. That's all I'm saying. Yeah. Okay well I well thank you. Look. I'm glad this is going to

- SM

Sabrina Miller

07:50 PM

Cuz I was like, you know, people you gonna keep complaining about they going downtown, we can't talk and talk it don't put in no effort to give it all. The same man.
- SM

Sabrina Miller

07:50 PM

the Json in terms of getting the monies in because I'm so, Disgusted this year, the blockade situation because we will not have a return of that crazy lady moving. The blockade coming down the block where the party was over when we were trying to shut down, which I thought was pretty wild. Um, about that because I'm just like, like, it's you
- SM

Sabrina Miller

07:51 PM

So she so she don't do this. She didn't care. She was like, already gonna be no, but she gotta be careful, man, because I just gotta tell you the story. Something. Right, this is crazy. Yeah, 71st in laws, right? And was in the driveway. No. Drive up. Why my this big thing? I'm waiting for s*** to come back so we can move it. I said, so it's my daughter. Come back, we gonna move it. I don't give a f about that. You need to get the F out my driveway. I said, I ain't Superman. But she come back. We go move.
- SM

Sabrina Miller

07:52 PM

Okay, this was a lady like me so that's why I'm telling you why I'm asking because it's a child like man. This is, it's like I'm like, are you ready? Okay, so did that, but Vinnie bothered me because our mind so when I tried to apologize he said ask me again. I said I was like some to not right, but It just what I'm trying to say that you can't talk to some people, some things you just got to let it go. That's the age we live in. So it's even 6 weeks like that. But you gotta work in class person. This is her own block and she think like that. Psychosis re yeah I mean I didn't even know that so I must have missed that. Yeah you I think you had just came back here for a little bit.
- SM

Sabrina Miller

07:53 PM

It was kids in the street, you know, they were riding their bikes and so what's going on?
- SM

Sabrina Miller

07:53 PM

like,
- SM

Sabrina Miller

07:53 PM

but yeah, y'all gonna be Either way. So this year, I want to put the cement, the submit barricades there, that the city can give you with the on the horse blocks.
- SM

Sabrina Miller

07:53 PM

That's for free. They do that for. You can request that you say request it. Yeah I was. Yeah. And then moving because somebody always gonna do what you just said. Yeah. And I'm gonna be honest because we never know. I mean people are driving crazy. Now you don't want nobody just come down, right just running. Even the fact that it was a neighbor, you know, like as in on our block that's already got right. Your trailer was on the other end and then yeah. So then more the truck. Well what did she do? What did she move in? She moved the car. I was just parked on the side street. Know I'm saying? How did she what did she move to get on the? Um, it was what do we have right there? It was my no my car was there? I mean it was towards the, yeah.
- SM

Sabrina Miller

07:54 PM

That's right because he have we had you gone. Yeah. Okay. Okay. Are you okay with the date or whatever day we choose? I'm sorry. July 25th. Or and August 16th for the family day. Because I told that August is August 14th before. I gotta take the shows coming back from the I think July open for me, for the 25th. July 25th? Yeah, I'll be back but just let for about food and all that stuff. Okay? So I can have So it's on record. Roughly said he wants to use his uh gift certificate 81 for the block party. So he's gonna be ordering the Expo, okay? Okay. Thank you very much. Oh, let me you want some cake for the kids? Okay. We got. We got I don't need no more sugar. Oh, you Um, Okay. So
- SM

Sabrina Miller

07:55 PM

Yeah, he right with you. What he gonna say? No, I just Okay, August 16th for a family fun day. Pretty much know if she got a beat in the 1 4. Um,
- SM

Sabrina Miller

07:55 PM

Is that it's not falling apart. Um right here, grabbing the school. Yeah, right here. And so we will have access to that part. And so the family fund is for the entire neighborhood, okay? So you just have to just go in that right now. The tents, whatever you want to do, we're going to play softball. You know. The games. And, you know, again. Things like that to just like the little, you know, this is our little 6 blocks of like, everybody. Just trying to have a good time for a few hours on this particular day. The goal is to have um,

Uh, food trucks there. So at least 2 best options. Um, so I was researching food trucks that. So the 2 options are either you can pay a food truck or a couple food trucks to like a hundred dollars fee to come out and then people buy the stuff. So that's 1 option. Second option is they can. It's harder to give them to just come out for free. If people are buying off the truck.

Because, you know, the reason I'm saying that is because like, so for example, if I'm a food truck and I'm typically stationed on 87th and the Dan Ryan, that's the concept of people knowing that, that's where I am first coming to a community thing where you may or may not purchase off my truck. Does that make sense? Yeah, I was just looking at the fact of probably, uh, I don't know what you would lift this up at well, uh, because I think some people just like ice cream trucks that would come around. Yeah. Um, well, you ain't got to pay nothing if they were put around because I was gonna say that's the third option. I know I said this too, but the third them just right. That's on them because you just put the word out there. Yeah, but I don't have social media. So now you lost me again. So if you go with social media,

SM

Sabrina Miller

07:57 PM

Yeah, I'm just saying you put it out there. Hey, we have this, and they'll come around themselves, looking for money over there and tell somebody else to come, right? And then we don't know again. Um, I thought something, mostly do that. So you let somebody know somebody knows somebody because there there's 2 people on the block or not on the Block. They have the ice cream Parts. Says the gentleman on Right. Yeah, the ice cream cards based on cities. No. Yeah.

SM

07:58 PM

Okay. And so that's so good. That's another word to let them know. And they'll be up there too. If they have the neighborhood. Yeah. And they get it's not nobody. You know I said if there's any well, there shouldn't be any expense per se, but if you wanted a DJ out there, for example, that that would be an expense but it's not that we necessarily have to avoid. We got to be so much technology you speak. It's like a beach time of demonstration. Yeah, yeah exactly. You get it? Yes, it's just on the

Due to our here. August 16th family. I don't have a vote. I just roll over with the crab. Okay, well I mean that's what we got to. okay, um, as far as the Trunk or Treat situation, Excuse me, we have a family. The movie night that we had uh, when we September 26th just, you know, out the street like we did just block off half the street that sort of thing for October.

SM

Sabrina Miller

Um, that's the Trunk or Treat. Which again, our street will be blocked off the cards that are here will open up their trunks and have like, you know, Candy games, whatever. Just for our little, you know, we did this before. This is correct. This is something Matt has done before, but he did that the park. Um, the like 2 years in a row basically. Um, but with Miss was saying, like, instead of having the kids spread out and trying to go here and there like as they said earlier, like just having to be safer for the kids just to do it on our body. Um and then uh but fast forward to, of course, you know again the holiday uh decorations thing. I think last year did go. Well, I don't think enough people really

Paid attention to the window decoration thing which was kind of built in for the elderly people so who don't really like that great outside. So you know, well, I know brother roughness and and So keep it going, man. It's gonna inspire. People just gonna take that have a life on because y'all ain't gonna be he got his own thing out there so he's driven. Yes competitive. Yes. So yes. Um, so those are I mean, it's all good just for just to be happy. uh, suggestions come up in terms of people needing tools that offer and So I was gonna say my out to do it. I know, what reason, the grass out to be cut, we would put it in to the city and they would come and cut the grass. I don't know if that program exists.

SM

Sabrina Miller

08:01 PM

That's what we did. Yeah. Okay. So you cool with the not to have the ottoman or y'all not okay, but he might know better. So an off another. Another option. Excuse me is The elderly people that may need assistance. We can have them put money in like a little kitty or the kids teenagers on the Block to do their job. To pay them out of that on that like third, Saturday situation if they need it. So we on the same page that's all I was saying. That's that, and that's another. So there you go. Boom, boom, boom. Yes. But it's the grass and the snow or whatever. Yeah. Okay, I like it. I love it. Let's do it. Okay, okay, this is confirmation. All right, so your your your voice needs to be on camera. Say, I thank you.

SM

Sabrina Miller

08:02 PM

Yes. There you go. I have it there. We want to sign like a party. Okay, so yeah, got it. All right. Okay, perfect. Those are the things um that we need to test again if there's um as far as Printing. Agendas and not even printing notes and things like that. We have been using the technology so why you? I know I keep trying to satisfy all entities right now and it's not necessarily working the older people. But they don't even look at the print itself. That's what I'm about to do, too. So, so like

She comes at no worries what if I go they come out but they they become kind of reclusive. They used to be out a little more but they getting older they said brother sister or sister, sister sister, sister sister sister. I think that that's the Barbara that's on that spot. No, no, no, no, the process. Processor from an assistant on the phone, on the other side of the street, people on the phone, on the fence, right? The 1 that the truck, the truck know This is this right here on the end. Right. Yes, that's Barbara. See a barber too? Yes. That's what I said. There's 3 Barbers On The 1. No, no Barbara. Okay. But they, um, the last order of business is according to the city now, you have to register your, um, garage sales, which is wild to me. Um, but okay, so we just have to choose the base for the garage. We didn't have the restaurants. Well, you know, I don't say or whatever, okay. Yes. I don't know well, unless somebody gonna come and tell you, right? So you know how you put a little how I put up the signs. Okay, so we just have to chew. We apparently, we have to chew for day details and you're only allowed to have 2 a year. Okay. So, I mean

SM

Sabrina Miller

08:05 PM

Is there a fee they want for that? You just got to let them know. So you know, we'll put that out there whatever commitment, you know, and that's sort of thing for the garage ship or yard sale. Garage I'm sorry, that's the time. Okay, do you want? In any case. What kind of cake is it? It's 1 like a a no it was actually. This is a lemon.
